

# Mirrored Wall Cabinet Range

(Bathroom Impressions Australia)

## Eagles Product Quality Guarantee

You have purchased a quality product and is covered by a 12 month replacement product warranty on mirrored wall cabinet.

## Warranty

Products which are within 12 months from the date of purchase, found upon inspection by an authorised Eagles representative, to be defective in construction or material, will be repaired or exchanged with an equivalent product free of charge.

Whenever products have been replaced under the terms of this warranty those products then become the property of Eagles.

Eagles mirrored cabinets are manufactured with high quality moisture resistant materials but are not waterproof. Excessive water and sunlight exposure and other environmental conditions will factor in our guarantee assessment.

Eagles liability is limited to repair, replacing or giving a credit for the faulty goods, and it does not include installation and/or any other Trades services.

## Warranty Conditions

1. The original dated invoice being proof of purchase must accompany all goods returned or warranty enquiries.
2. This guarantee will be void if defective product is installed and damage occurs due to improper maintenance, installation or use.
3. Failure is due to a fault in the manufacture of the product.
4. Claims for physical damage of the products after installation will not be accepted.
5. All warranty queries must initially be directed to the Eagles branch from which you purchased the product.
6. Ensure installation area has sufficient ventilation to avoid excessive moisture.

## Warranty Exclusions

W. Eagles Plumbing Supplies Pty Ltd shall be under no liability whatsoever for:

1. Installation or part installation by someone other than a qualified tradesman.
2. Installation not in accordance with any instructions provided.
3. Improper use.
4. Normal wear and tear.
5. Inadequate maintenance.
6. Excessive water, sunlight, Chemical, electro-chemical or electrical influences
7. Excessive or harsh detergents or abrasive cleaners used on product finishes.
8. To the fullest extent permitted by law, Eagles excludes all liability for damage or injury to any person, damage to any property, and any indirect consequential or other loss or damage.

## Cleaning Recommendations

It is important to follow these care recommendations to maintain the appearance of any mirrored surface, particularly when used in wet or moisture prone areas:

1. Do NOT use ammonia based cleaning products such as glass cleaner - These may erode the mirrors silver backing. Be sure to read the label of any such cleaning products before use.
2. Only use a slightly moistened micro fibre cloth to remove dry dirt or grime, then buff clean with dry micro fibre cloth or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear free finish. By using alkaline (ammonia) or acid (vinegar) based products you do not only risk damaging the silver backing of the mirror, but also tend to leave behind streaks and smears.
3. Alkaline, acid and moisture elements can cause the silver backing of a mirror to darken, this is usually referred to as 'black-spotting'. An easy way to protect your mirror against black-spotting is to regularly oil any exposed edges (polished or bevelled edges), this will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam.

Our goods come with guarantees that cannot be excluded under Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Under Eagles policy of ongoing product development, Eagles may change its product specification and dimensions without notice. All dimensions shown should only be treated as a guide and should be checked prior to installation.
